*Dear Mrs. Potts,*

Re: Bettws Newydd

I wanted to drop you a line to update you on a meeting I have had recently with Nic Wheeler, the outgoing Chief Executive, and Tegrin Jones, the new Chief Executive, of Pembrokeshire Coast National Park Authority.

A substantial part of the meeting was devoted to my strong concerns about the lack of effective enforcement action over Bettws Newydd. I explained to Mr Wheeler and Mr Jones that I regard this development as the most serious planning case I have had to deal with in the last five years as the local Member of Parliament, and I have asked again for a full explanation as to how and why such a development could have been permitted and constructed in the way that it has been.

I remain deeply troubled by the stance of Pembrokeshire Coast National Park Authority in this matter but I am not optimistic that much can or will be done to rectify the situation.

I explained to Mr Jones that the National Park has a major task ahead in rebuilding confidence among residents who feel extremely disappointed and let down by this development.

Please be assured that I share your concerns about this matter.

*Yours faithfully,*
